REFERENCES:

- (a) DD/P memo to ADCO, ADPC, ADSO, and Chief, TSS, dated 8 January 1952, Subject: Organization
- (b) ADD/P(A) memo to ADSO and ADPC of 4 February 1952, Subject: Transfer of Cover and Security Positions and Staff
- (c) A/ADSO memo to DD/A of 12 February 1952, Subject: Same as above

1. Submission of the attached memorandum (reference c), which was designed to implement that portion of reference (a) which assigned the merged operational security function to ADSO, was postponed pending receipt of notification of the imposition of personnel ceilings on the various components of the Agency.

2. It is requested that the proposed Table of Organization be considered and approved at this time as an expression of the personnel requirements implicit in the assumption of this responsibility. Transfer of personnel is being separately considered in relation to the personnel ceiling so that the latter factor is not involved in the present request. Approval will, however, greatly facilitate assumption of the joint operational security responsibility and will, in addition, account for all the positions transferred to this Office by reference (b).
